## EXPERIENCE

**Ecom Chat Support** | iWarehouse — Jul 2026 – Oct 2026

- Responded to customer inquiries and order issues via live chat, maintaining prompt response times and resolution rates
- Coordinated with warehouse and sales teams to track order status, returns, and stock issues raised by customers
- Documented recurring customer concerns to help flag process or product issues to the team

**Warehouse Auditor** | iWarehouse — May 2026 – Jul 2026

- Conducted physical inventory counts and reconciled results against system records to identify discrepancies
- Investigated stock variances and reported findings to support accurate inventory data
- Maintained audit logs and supported process improvements to reduce recurring errors

**Sales Technician** | iWarehouse — Apr 2026 – May 2026

- Assisted customers with product selection, technical specifications, and purchase decisions
- Supported sales floor operations and maintained product and stock knowledge

**Customer Retention Specialist** | Transcom (Comcast/Xfinity account) — Sep 2025 – Dec 2025

- Handled inbound calls from customers considering cancellation, addressing billing and service concerns
- Presented retention offers and service solutions to reduce churn while maintaining customer satisfaction
- Logged call outcomes and escalated unresolved technical or billing issues appropriately

**IT Technical Support Intern** | Teresa Development Corporation — Feb 2025 – May 2025

- Provided first-line troubleshooting support for hardware, software, and connectivity issues
- Documented support tickets and resolutions for internal reference
- Assisted with basic system maintenance and user support requests under supervision

## PROJECTS

**iWarehouse: Multi-Branch Inventory System** — Personal

Real-time inventory web app for electronics across Cebu, Manila, and Davao, with a searchable catalog, live stock monitoring, product photo and video galleries, and an admin dashboard for managing products and stock.

HTML, CSS, JavaScript, Firebase Firestore, Cloudinary

**Crumb & Co. Bakery** — Personal

Online bakery store inspired by a Parisian patisserie, with product details and an online shopping experience.

HTML, CSS, JavaScript, Firebase, Cloudinary

**StayEasy** — Personal

Airbnb-style sample website for browsing luxury house rentals, with a modern home page and house-focused design.

HTML, CSS

## EDUCATION
